Dear Mr. Mike Chrisman, Secretary of Resources

I just completed watching the web cast of the two day Monterey Meetings of the MLPA Blue Ribbon Task Force and WOW.

As someone you gets into some of these public meetings and debates, sometimes with both feet. Phil Isenberg is the most patient, genuine, courteous, honest, and engaging public forum chairs I have ever seen work. I want to congratulate you on your selection of this man for the Chair position of this task. With Mr. Isenberg leading this process I believe that the whole state of California has great reason to be optimistic about the outcome of the MLPA Initiative.

Sincerely,  
Tony Chapman
